

**An Arboricultural Association East Anglian branch event
with St Edmundsbury Borough Council**

Old Friends and New Enemies — Climate Change and Tree Disease

Friday 14th May 2010

To be held at Nowton Park and Village Hall, near Bury St Edmunds, Suffolk

A one day workshop led by **David Rose, Head of Tree Health Advisory Service for Forest Research**, the Research Agency of the Forestry Commission. The morning session will be a presentation examining topical pest and diseases and the influence of climate change. This will be followed in the afternoon by a guided walk around Nowton Park looking at pest and diseases amongst its wide range of fine trees.

Price per person £50 including buffet lunch
