

Veteran Trees of Shotover Hill

Monday 1 October
7:30 pm

£3 (OUWG and SO Friends free)

We can all recognise a very old tree ... but what about the rest? It is only when you start measuring and comparing, that the real value of our local trees emerges. With this illustrated talk, **Ivan Wright from Shotover Wildlife, explores the role and significance of veteran trees and the work of the Shotover Ancient Trees Project.**

This event is presented by the Oxford Urban Wildlife Group, Shotover Wildlife and Science Oxford.

To book contact 01865 728953 or events@oxtrust.org.uk.
